

Congress „Narratives in Practice“ – Abstract Submission

Part III of the congress (Saturday, 14.30 -17.15) will be held in parallel sessions either as workshops or as paper presentations.

You can either apply for

- a workshop with a 75 minutes time slot or for
- a paper presentation (time slot of 35 minutes including discussion).

You are invited to send in an abstract of your project or paper which fits into the general thematic frame of the congress, either as an example of illness narratives in use or focussing on practical, methodological, ethical or theoretical issues of narratives in use. In a workshop which provides more time for involving the audience, you can for instance raise and discuss methodical questions of your project or involve the workshop participants in a data analysis session.

If you intend to offer a workshop or a paper, please use the following submission format. Abstracts in English or German can be submitted until 1st of March, 2015 to the congress e-mail

narrative.congress@psychologie.uni-freiburg.de

or

lucius@psychologie.uni-freiburg.de

If your abstract is accepted for presentation, your participation in the congress will be free of charge or your fee will be reimbursed, if payment has already been done.

Please do not hesitate to contact the congress organizers (lucius@psychologie.uni-freiburg.de) if you have any questions concerning your abstract submission.
